## FROM THE MSC DIRECTOR

Leaders,

Happy New Year on behalf of RDML Moritz and the Medical Service Corps Chief's Office!

As I reflect on 2021 and the challenges we faced, please know that I could not be more proud of all that you accomplished. It was because of your leadership, collaboration, resolve, and individual and team achievements that the many missions presented were accomplish. This edition certainly highlights some of those achievements as we feature our 2021 Active and Reserve MSC Officers of the Year and Allied Health Award Nominees and Winners. Congratulations to all!

As you are well aware, we continue to confront the challenges presented to us by the pandemic. However, I also know there are many opportunities out there to improve our support to the individual organizations we each serve in, Navy Medicine, and our Corps. Please take advantage of these opportunities and continue to do what you do best...lead from the front. I promise you that your efforts will make a positive difference across the entire Navy-Marine Corps Team and to each other.

In our next edition, we will focus on how MSC's directly contribute to Navy Medicine's 4Ps by focusing on "Platforms".

I hope 2022 will bring health, happiness, and a continued sense of inspiration and achievement!

## FROM THE DETAILERS

### PROMOTION ZONES ARE OUT – Is Your Record Accurate and Up-to-Date?

- If you are planning on sending a letter to the board, see the link below for the preferred electronic methods for submitting these letters. Board correspondence must be received no later than 10 calendar days before board convene date.
- Per Secretary of Defense guidance, the display of official photographs to officer promotion selection boards has been prohibited. Please refer to NAVADMIN 247/20 for more information.
- Officers are responsible for ensuring their record is accurate and up-to-date. Utilize the link below to access the records support division.
- Detailers can only update some AQDs. Detailers do NOT have access or the ability to update other sections of your record. Sending detailers anything other than AQDs will only delay the record updating process.
- If there is no action/response from the primary POC contacted, you can utilize My Navy Career Center (MNCC).
- Promotion Boards see your Officer Summary Record (OSR) and Performance Summary Record (PSR) when voting on your record “in the tank”. The Board Member assigned to brief your record will also review your FITREPS, awards, letters to board and other supporting documentation. While you should verify the accuracy of your entire record, you should focus your efforts on ensuring that your OSR, PSR, FITREPS, and Awards are accurate and up-to-date.
- While multiple AQDs and awards demonstrate your experience and accomplishments, documented sustained superior FITREP PERFORMANCE in challenging leadership positions with increasing scope/impact is best indicator for promotion success.
